Verse

F C Am G

Take me away to a new place
Spirit fall like the pouring rain
Take me away to a new place, woah

All that I want is to see Your face
Where Your love falls like the pouring rain
Take me away to a new place, woah

Chorus

F C Am G
We want more, More than we have ever known
We want more, God let Your glory show
We want more

Verse

F C Am G
Take me away to a new place
Where our fears are turned to faith
Take me away to a new place, woah
We seek You out and You give us strength
There is power when Your Church proclaims
Take me away to a new place, woah

Bridge

F C Am G

The Heaven's declare
Lord they shout Your name
Forever we'll run after You

You're glory displayed
Over all of the Earth
We're ready to see you move
